## **SOUTHWEST IOWA SHORTHORN ASSOCIATION**

### **STANDARD GUARANTEE**

**of**

### **American Shorthorn Breeders' Association**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 month of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such a case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.  
All prospective buyers should check health requirements of their states. As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to the sale, or will have Certificates of Bangs CalfhooD Vaccination, and those that are not Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

## AS WE LOOK TO 1959 . . .

If every member will become an integral working part of his association, help develop its policies, promote and advertise the breed and improve his own cattle with sound business management in a manner that will attract new breeders, then once again Shorthorns and Polled Shorthorns can provide more than half of all the beef cattle in this country.

—Kenneth R. Fulk

# UNMATCHED BUYING OPPORTUNITY

None of the cattle in this sale have been pampered and none are offered in exceptional high flesh. If you are blessed with the ability to judge a good individual and a profitable producer in everyday working clothes, here's the place for you to invest.

Remember — this sale comprises cows that have calves at foot and females that will calf soon after sale date. And remember also — never has it been so important to have a good bull at the head of your herd — a bull with a real background.

These bulls are qualified to bring you everlasting satisfaction and success with Shorthorns and Polled Shorthorns.

Will-A-Dell Bessie 6th 2136809  
White, Will A. Davis & Son

WILL-A-DELL BESSIE 28th 2932-934—We just decided to enter this heifer at the last minute so she has just come out of the stalk field. She comes from a great producing family. We sold her granddam with a calf at foot for \$1,200. This heifer is a full sister to one of the heifers we sold Mr. Bye, Kingsbury, Indiana and we have another sister in the herd. Her mother has produced a number of good calves including a champion steer at Des Moines and has an excellent bull calf now. Bred July 27 to Easterlovat Bonauza (Imp.) whose calves show great promise. This should make her valuable.
